

I am Monalisha, though most people call me Mona, which is my nickname. In December 2021, I embarked on an exciting journey to Iceland with my husband, Vimlesh Kumar, who works at Alvotech. Our delightful daughter, Aalisha, is six years old and currently attends Cambridge International School, Landakot.

Regarding my education, I hold a bachelor's degree in Commerce from Tilkamanjhi Bhagalpur University.

Since May 2023, I have been working at Leikskólinn Sælukot in the Universe department, caring for children aged 1 to 2 years old.

During my leisure time, I indulge in a few hobbies that bring me joy and fulfilment. Listening to music soothes my soul, and preparing Indian cuisine allows me to stay connected to my cultural roots. Additionally, I have a strong passion for travelling to new and exciting places, exploring diverse cultures and landscapes.
